Dear Parents and Carers

Now that Christmas has passed and there is a likelihood of students having received their own tablets and mobile phones as presents, with your child's safety being paramount, we would like to guide your attention towards a set of resources you may choose to read and share with your child. These resources will further reinforce the messages we have given your child at school about how to use the internet safely.

CEOP – <https://www.ceop.police.uk/safety-centre/>

Childnet – <https://www.childnet.com/parents-and-carers>

<http://www.safesearchkids.com/youtube-parental-controls/#.VnAlbcvMXcs>

If you come across any other useful sites, please let us know or for any further queries please contact the school.

Yours sincerely

Mr Neil Wilkinson
Executive Headteacher
